

Purpose

Costmap Advisory is a specialised procurement advisory, consulting, organisational development, advocacy, research and people development firm.

We work with organisations throughout the productivity journey from strategy formulation to value delivery.

Our journey started in 2012 with pscm360; which was rebranded to Costmap Advisory after Covid-19 reinforced the value proposition of procurement.

Costmap Advisory aims to

- Help companies enhance procurement capability.
- Implement procurement transformation projects to improve bottom line performance.
- Provide value added training to elevate procurement capability.
- Influence decision making to enhance role of procurement.
- Be a vehicle for advocacy to improve procurement governance.
