

Costmap Academy

The key goal of Costmap Academy is to enhance procurement capability of professionals; both in the function and in the line. Costmap Academy offers a suite of specially designed, tailor made and interactive learning opportunities to achieve this goal.

Our Learning Delivery Methods comprise all three options

- **In the classroom:** Engaging, personal classroom experience that encourages deep focus.
- **Virtually:** Flexible, robust virtual classroom experience that eliminates travel
- **Digitally:** Mobile, self-paced, supported learning that actively promotes collaboration.

Our signature learning offers are customised and tailored to your organisation's needs in the following areas:

- Public procurement rules
- Contracting strategy development
- Bid evaluation
- Contract management
- Negotiations
- Procurement for Leadership
- Approach to market
- Contract formulation and development
- Compliance and ethics

Learning offers are extended to other areas also. For details contact Costmap Advisory at info@costmap.com
